Welcome to the Wonderful World of Rose Exhibiting

Rose exhibiting is an exciting and highly competitive experience and it is also very gratifying. The Rose Society of Glendale's 2017 rose show is perhaps best described as a specimen alphabetical competition wherein blooms and sprays are arranged by variety name in alphabetical order for judging. Each variety constitutes a separate class. Other competitions include rose arrangements and rose photography.

Blue (horticulture) and other ribbons are awarded upon a request made at the tabulation table. Only blue dots or ribbons are eligible for trophies.

Judges' decisions are final. Please remember that the judging determination is made before the show opens to the public. In the warm Glendale climate, some roses have a tendency to "over-ripen" much more quickly than others, despite temperature controls in the building.

If you are entering for the first time, it is wise to make as many preparations ahead of time as possible—for example, filling out entry cards; assembling your roses by name, section, and class; and familiarizing yourself with the show rules.

Entry time, from 6:30 until 10:00am on Saturday, April 1, can be hectic. If you need help or guidance, ask at the classification table. All entry materials, entry cards, and vases (horticulture, all classes) are furnished at no charge. Exhibitors must furnish their own containers where specified.

The Rose Society of Glendale, now in its twenty-ninth year, is a family oriented volunteer group that is affiliated with the American Rose Society (ARS). The public is cordially invited to attend the Rose Society of Glendale's membership meetings, which are held on the first Thursday of each month at 7pm at the Glendale Woman's Club, located at 7032 North 56th Avenue (southwest corner of 56th Avenue and Glenn Drive), in Glendale, Arizona. Or visit the Rose Society of Glendale at roseglendale.com for more information.

As a pleasurable diversion, you may wish to visit the impressive rose garden at Sahuaro Ranch Park, which is maintained by the City of Glendale. The well-kept park, reminiscent of Glendale's rich agricultural and social heritage, offers a variety of recreational facilities and a garden featuring more than 400 named roses. Sahuaro Ranch Park is located at 59th Avenue and Mountain View Road in Glendale.

General Rules for Exhibitors

1. When judging collections and challenge classes, emphasis will be on the six prime elements of judging. Each entry is judged using the standards appropriate for the type of rose, flower form, and stage of bloom suitable for the entry. There will be 100 points possible for each entry: prime elements comprise 80 percent of this score, and 20 percent will be for overall appearance.
2. Anyone is eligible to submit entries provided the exhibitor grows the roses in his/her own outdoor private garden.

3. Exhibition of roses will be under American Rose Society Exhibition Names (AEN). Registration of roses is required for exhibition. Most varieties have been given a designated ARS Exhibition Name that is listed in one of the following AEN publications: the current edition of *Modern Roses*, *International Registration Supplement*, *The Handbook for Selecting Roses*, *The Combined Rose List*, *The American Rose Magazine*, and *The American Rose Annual*. ARS publications take priority over *The Combined Rose List*.
4. Judging shall be performed by ARS-accredited judges, who may be assisted by ARS apprentice judges. During judging, no one will be allowed in the exhibition area except individuals with specific, assigned duties.
5. Judges may make or withhold awards, including ribbons, as in their judgment the exhibits merit. Judges' decisions are final. Judging shall be in accordance with current *Guidelines for Judging Roses*, published by the ARS, and based upon the following point scale:

..... Form	25 points
..... Substance	15 points
..... Color	20 points
..... Stem and foliage	20 points
..... Balance and proportion	10 points
..... Size	10 points
6. Horticultural entries shall be disqualified for the following reasons:
 - a. Misnamed, misclassified, unlabeled, or mislabeled;
 - b. Stem on stem (a rose exhibited with a portion of the previous stem growth attached) with the exception of Old Garden Roses and Shrub Roses;
 - c. Presence of a foreign substance applied to the foliage, stem, or bloom to improve the appearance of the specimen;
 - d. Side bud or buds on a specimen that must be shown without buds;
 - e. A specimen in violation of ARS rules or local society rules applying to this show;
 - f. A specimen without an AEN; or
 - g. The appearance of the exhibitor's name in any location other than the designated place on the entry tag.
7. Any specimen may have unwanted side growth, side buds, and/or spent blooms removed to improve the appearance of the specimen, subject to penalty according to the degree of impairment.
8. Stem length must bear a pleasing relation to the size of the bloom.
9. Wedging material may be used for the support of the stem (for example, plastic wrap, leaves, etc.). The supporting material should not extend above the top of the container. If wedging material protrudes above the lip of the vase, the specimen will be penalized.
10. Entries in any class calling for one bloom per stem must be shown disbudded, with the exception of Old Garden Roses and Shrub Roses. Climbing sports must be exhibited with their bush counterparts.
11. In most cases, an exhibition bloom is considered at its most perfect phase of possible beauty when it is from 1/2 to 3/4 open, with sufficient petals symmetrically arranged in an attractive circular outline tending toward a high center. A bud will not qualify as a bloom.

12. ARS entry tags only, not similar entry tags, must be used in making entries. The tags will be furnished by the Rose Society of Glendale. Portions of the entry tag visible to judges must be written with blue or black ink or black (regular) pencil. Top and bottom sections of tags should be completed for tabulation purposes. For each entry, including collections, all varieties must be listed either on the entry tag or on a separate slip of paper attached to the entry tag.
13. Only one person or team from one garden may enter in any one horticulture class. Any multiple entries in a class shall be disqualified.
14. When a rose has two or more names, the approved ARS exhibition name must be used.
15. Containers will be furnished in all horticulture classes (except as noted).
16. During placement, only Placement Committee members will be permitted in the horticulture show area.
17. Classification will be optional.
18. ARS Certificates will be awarded when applicable and available.
19. Upon request made at the tabulation table, ribbons will be issued to any winning entry whose tag bears an appropriate colored dot.

Rose Arrangement Rules for Exhibitors

1. All exhibits must be entered on Saturday, April 1, 2017, and in place between 6:30 and 10:00am. Arrangements will remain in place until the show closes at 4:00pm.
2. A rose or roses must be the dominant flower in all arrangements. Other flowers may be used unless otherwise stated.
3. All roses must be outdoor garden grown and must be of high quality.
4. Names of all roses in each arrangement must be written on the entry tag.
5. "AG" should be written on the entry tag if roses are arranger grown so that the entry will be eligible for a medal certificate.
6. One entry per exhibitor is allowed in each class, but an exhibitor may enter as many classes as desired.
7. Infringement of the following rules will result in severe penalty: Painted or dyed fresh plant materials and live creatures are not allowed. The use of plant materials on the state or local conservation list are not permitted. The American flag or the flag of any country may not be used in an arrangement or as a decoration in any way. There are but two causes for *disqualification* of an arrangement:
 - roses not outdoor grown
 - use of artificial plant material
8. Bases and accessories are permitted unless otherwise stated.
9. A card of intent may be included with an arrangement as an explanation of the arranger's interpretation of the theme or class title.
10. An arrangement incorrectly placed in one class when it should have been in another will be judged in the class in which it is placed.
11. All exhibits must be the work of the exhibitor.
12. No one but the exhibitor may touch or move an arrangement. However, in extreme circumstances, if all efforts to locate the arranger have failed, the arrangement chair may carefully move an arrangement.
13. Staging for all standard arrangements will be 30-inch wide tables placed against brick walls. Free-

standing backgrounds may be provided by the arranger but may not exceed the width or depth as stated in the show schedule. The tables will be covered with a white covering. Each individual arrangement will be allotted 24 inches in width; therefore, each standard arrangement entry will have a table-top surface area of 24x30 inches. Staging for miniature arrangements will be on 30-inch wide tables that are placed against a brick wall. Free-standing backgrounds may be provided by the arranger but may not exceed the width or depth as stated in the show schedule. Under 5-inch arrangements will be allotted 8 inches in width, and under 10-inch arrangements will be allotted 12 inches in width.

14. In classes for miniature arrangements, the arrangements must conform to the size specified in each class, and ONLY those roses classified by the ARS as Miniature or Miniflora may be entered.
15. Judging will be in accordance with *ARS Guidelines for Judging Rose Arrangements*. The ARS scorecard will be used to evaluate all entries. ARS certificate winners must be outdoor arranger-grown roses and must score 92 points or higher.
16. To be eligible for an ARS Arrangement Award (Royalty, Artists, etc.), roses must be outdoor grown, but not necessarily arranger grown, and must score 92 points or higher.
17. The Rose Society of Glendale will exercise due caution in safeguarding exhibits. However, the Rose Society of Glendale will not assume responsibility for injury or loss of property.
18. The rose show will be governed and judged by the rules, regulations, and guidelines of the American Rose Society, as set forth in the *ARS Guidelines for Judging Rose Arrangements*. By entering this rose show, given under ARS rules, exhibitors agree to abide by those rules.

***Official Scorecard for Rose Arrangement Classes in
American Rose Society Rose Shows***

**CONFORMANCE
(5 points per category)—15 POINTS**

- roses correctly named
- conformance to style of design
- other specific requirements of schedule

**DESIGN
(ALL PRINCIPLES)—30 POINTS**

Each of the six major principles is assigned 5 points. Points may be deducted for degree of impairment.

- BALANCE—5 POINTS**
Visual stability. Actual or visual weight on either side of an imaginary central axis.
- DOMINANCE—5 POINTS**
No equal amounts of color, shape, or form.
- CONTRAST—5 POINTS**
Differences in form, shape, texture, and/or color to develop interest.
- RHYTHM—5 POINTS**
Rhythm, achieved by repetition, radiation, and/or variation, may be smooth, dynamic, graceful, gentle. Rhythm is the dominant visual path through the design.
- PROPORTION—5 POINTS**

Proportion refers to relative amounts of a component in relation to other components in the design, to the whole design, its placement, and the space it occupies.

□ **SCALE—5 POINTS**

Scale is the size relationship of one component to another and to the whole. Too great a variation in sizes means poor scale.

PERFECTION OF THE ROSE(S)—30 POINTS

Roses should be in peak condition, of good substance, and with fresh foliage. Other plant materials are to be in good condition. Container and plant materials should harmonize in color.

CREATIVITY AND EXPRESSIVENESS—15 POINTS

Imaginative and creative handling and use of materials.

DISTINCTION—10 POINTS

Marked superiority in all aspects of the design; sets the design apart. Includes technical execution/construction.

Rose Photography Rules for Exhibitors

For any questions about the photography schedule or reservations, contact Dave Mahoney at space.man@cox.net, referencing "Photography Schedule" in the subject line.

1. All entries must have a reservation prior to Friday, March 31, 2017, as space is limited. Entries not having a reservation may be entered as space permits.
2. Entries must be entered the morning of the rose show from 9 to 10am. Photos must be picked up or arrangements made for pickup by 4pm on Saturday, April 1, 2017. Photos not meeting the criteria will become the property of the rose society.
3. Each photographer or team may enter only two photographs in any one class. A team consists of a household or group of persons who are related, have a relationship, or work together in most endeavors.
4. Each entry must be accompanied by a completed and securely folded ARS entry tag noting the class, variety, and the photographer's name and address. Only the upper portion of the entry tag needs to be completed. Please use only pen with black or blue ink, stamps, or name labels. The entry tag must be secured with a rubber band, which is then taped to the upper-left side of the BACK of the photograph, so that the tag hangs on the upper-left front of the photograph. Proper placement of the entry tag will determine proper orientation of each photograph for judging. Tape and rubber bands will be available at the placement table. The exhibitor should place nothing identifying the photographer on the front of the photograph.
5. All roses shown in photography entries must have been grown in an outdoor garden. Medal winners' entries must have been grown by the photographer except for arrangements and gardens must be indicated by placing "EG" following the name of the rose.
6. A photograph may not be entered more than once. A photograph entered in more than one class will not be judged in any class.
7. Previous winning photographs, defined as first through fourth place in the ARS Digital Photography Contest and ANY national photography or district contest, may not be entered in this show.
8. Photographs entered in Creative Interpretation may be in color, black-and-white, sepia, or a combination of color and black-and-white (selective colorization). All other photographs must be entered in color.
9. All photographs are to be mounted (that is, with a backing board of art board or foam board) and matted (the art board "frame" that goes on top of the photograph).
10. Outside dimensions of the mat are to be 11x14 inches. Nothing larger or smaller. The orientation of the photograph may be landscape or portrait.
11. Photographs may be no smaller than 5x7 inches and no larger than 8x10 inches. Nonstandard shapes to the mat opening (oval, diamond, triangle, etc.) are welcome as long as they conform to the size of the photograph and the size requirements of the mat.
12. Color of the mat is at the discretion of the exhibitor.
13. All rights to the submitted photographs are retained by the owners of the photographs. However, by submitting a photograph to the contest, the exhibitor (i) warrants that he or she owns the copyright of

the submitted photograph and is not legally prohibited from submitting it to the contest, and (ii) agrees to allow the Rose Society of Glendale to display the photo at its 2017 rose show and publish the photograph in the *Rose-Glen* newsletter.

14. All photography judges are encouraged to enter at least one photo in a judges' class.
15. Photos from budding photographers Classes 8 through 12 are not eligible for Queen, King, and Princess. They are eligible for the Budding Photographer Award.

Judging Criteria

AWARDS

Photography judges will first determine the best of each class. Each best of class winner will be awarded a Rose Society of Glendale certificate. From the best in class winners except Classes 8 through 12, the judges will select the best in show awarding the Queen, King, and Princess. Each of the Court winning photos must have "EG" or "exhibitor grown" behind the name of the rose the exception being an arrangement or rose garden. The royalty winners will receive \$20 for Queen, \$15 for King, and \$10 for Princess. For budding photographers Classes 8 through 12, the judges will determine the best of each class and from those entries determine the best budding photograph. The winning entry will receive \$10.

CONFORMANCE—10 POINTS

Conforms to the rules of the schedule.

SPECIFIC SECTIONS—40 POINTS

- a. Horticulture (bloom or spray)—the *ARS Guidelines for Judging Roses* may be used as a reference guide.
- b. Arrangements—the *ARS Guidelines for Judging Rose Arrangements* may be used as a reference guide.
- c. Rose art—the photograph should evoke a sense of originality and a new, different way of imagining the rose(s) with the mind's eye.
- d. Judges—as appropriate for the entry.

COMPOSITION—15 POINTS

Includes point of interest, simplicity, contrast, balance, framing, viewpoint, direction of movement, and diagonals, where applicable.

TECHNIQUE—15 POINTS

Correct exposure, sharp focus for main subject, and other relevant technical factors.

DISTINCTION—20 POINTS

Distinction is something that sets a photograph apart from others in its class. Everything about the photograph is well done; but in addition, its visual impression evokes a visceral feeling that may be intangible—the "wow" factor.

TOTAL—100 POINTS
